

Surplus Stock? Cwtch It, Don't Crush It!

From 1 April 2026, a new VAT rule makes it easier to donate surplus stock

Who We Are

Cwtch Mawr Multibank is Wales's first Multibank a community hub that takes eligible surplus goods from businesses and passes them safely through partner organisations to families in Swansea who need them. Run by local charity Faith in Families and supported by The Multibank UK & Amazon UK.

What We Do

We collect, sort and distribute **brand-new** items. These items go directly to our partner organisations including housing teams, schools, health services, refugee support groups, domestic abuse services and community charities.

**Clothing & Shoes | Bedding & Towels | Baby Products
Toiletries & Hygiene Items | Household Items
School Supplies | Books, Toys And More**

What this means for your business

- No VAT due on eligible surplus goods
- Helps reduce disposal and write-off costs
- Goods must be donated freely, with nothing received in return
- For many businesses, this can become a more cost-effective and straightforward route than disposal.
- We can provide a declaration confirming goods are used for charitable purposes.

If your business has:

customer returns
discontinued lines
packaging changes
overstock
seasonal stock

goods you can't sell but are still brand new

We can put them straight into Swansea homes.

How it works

1. You tell us what eligible surplus goods you have.
2. We can receive mixed pallets or cartons direct from your warehouse.
3. Items are sorted and stored
4. Local partners request exactly what families need
5. Goods are distributed safely and quickly

IF YOU CAN'T SELL IT, CWTCH IT.

Let's turn surplus into support for Swansea families.
